AGNETIX STACKS ITS BOARD OF DIRECTORS WITH KEY STRATEGIC COLLABORATOR

San Diego, CA – February 13, 2020 — Agetix, a pioneer of advanced horticultural lighting and data technology solutions for commercial indoor cultivators, announced the appointment of John Soumbasakis, Senior Advisor for Boston Consulting Group to the Agetix Board of Directors.

“On behalf of the entire Agetix team, I’m pleased to welcome this valuable, experienced and new external voice to the Board,” said Jordan Miles President and CEO of Agetix. “John brings with him a deep understanding of legal, financial and operational considerations to our young company and is certain to have an immediate impact helping guide the Agetix leadership team towards an even stronger foundation for future growth.”

John Soumbasakis is an executive with over 25 years of business leadership, spanning strategy, operations and M&A in global environments at the Fortune 50 level. John holds an undergraduate degree in Economics from Yale and an MBA with distinction from The Wharton Business School. As a Senior Advisor at Boston Consulting Group (BCG), he is guiding C-Suite leaders of technology companies on go to market and channel strategies. Prior to BCG, John held senior executive roles at Ingram Micro over 15 years, leading NA business units, the Latin America and Asia Pacific regions and global functions such as strategy and M&A.
